Short Description

A dry-style rose with fragrance and structure.

Description

A dry-style rose with fragrance and structure.

Grenache is the main grape variety with a few hours of skin contact to extract colour and flavour, along with a little Chardonnay and Shiraz for texture and balance. Partially barrel-fermented, the wine is rounded and full with fruity aromas, followed by delicate spice notes and a pleasant freshness created by a clean acid finish.

This is the first Rose' made by us, and is unashamedly influenced by the perfumed dry Roses' of Provence.

Made to be drunk as a young, fresh style.
